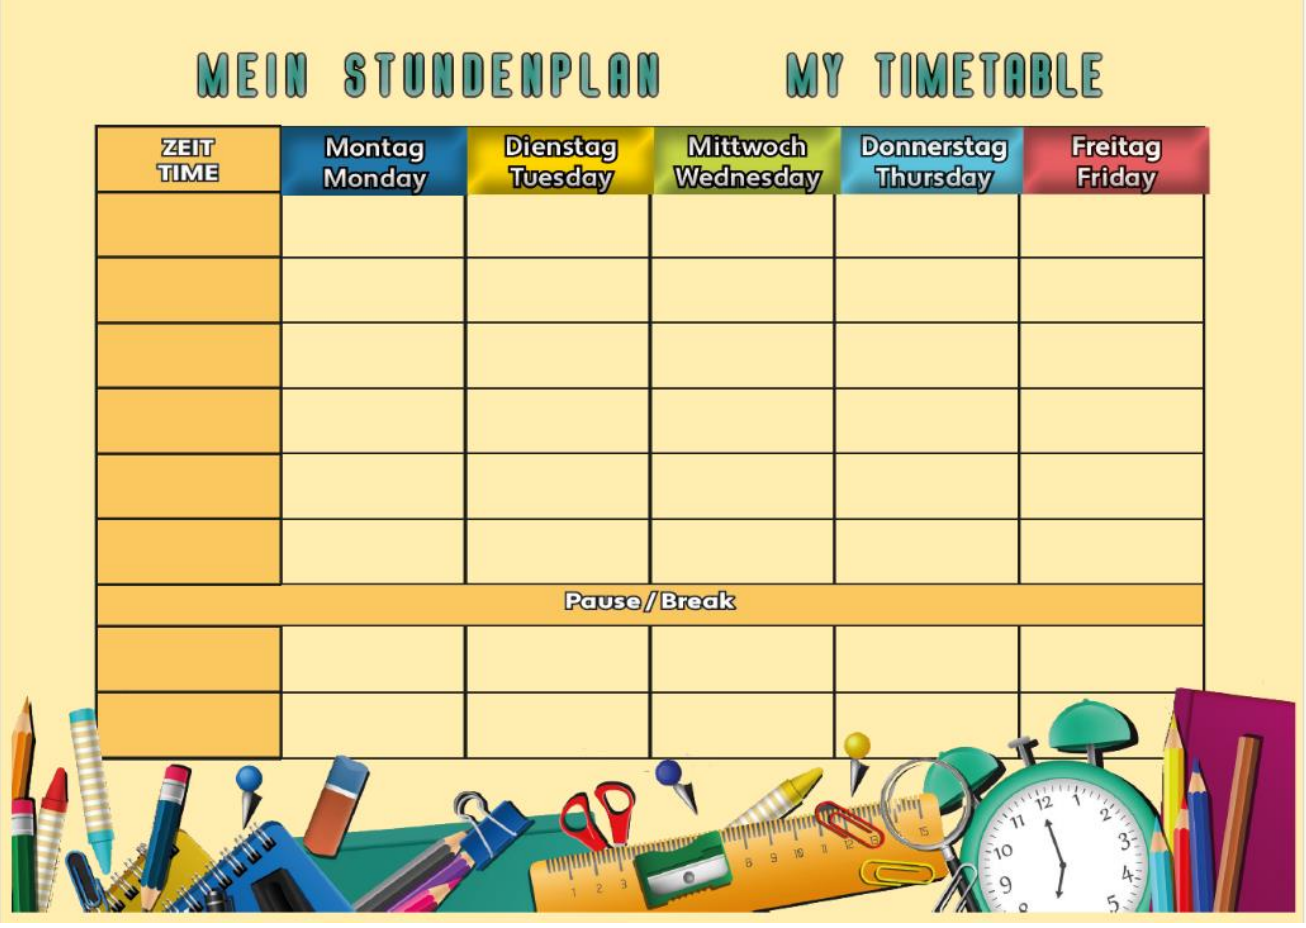
ELTERNSTIFTUNG
BADEN-WÜRTTEMBERG

How to read a timetable?

Schools in Baden-Württemberg have fixed times for lessons. It's important that all children are on time for the lessons. However, school does not always start at the same time every day. And it does not always end at the same time. The timetable is important so that children and parents know what time the child has to be at school in the morning, and what time he/she comes home in the afternoon. Your child will be given the timetable at the beginning of the school year by the school. The school will inform you if any changes occur.



You can enter the times and the school subjects in the timetable accordingly.
